

Tilda Merry Little Christmas Bunting Shapes

1. *Fold the fabric in half.*
2. *Trace the outline of the shape onto a double layer of fabric with right sides together.*

Do not cut out- this is your sewing line.

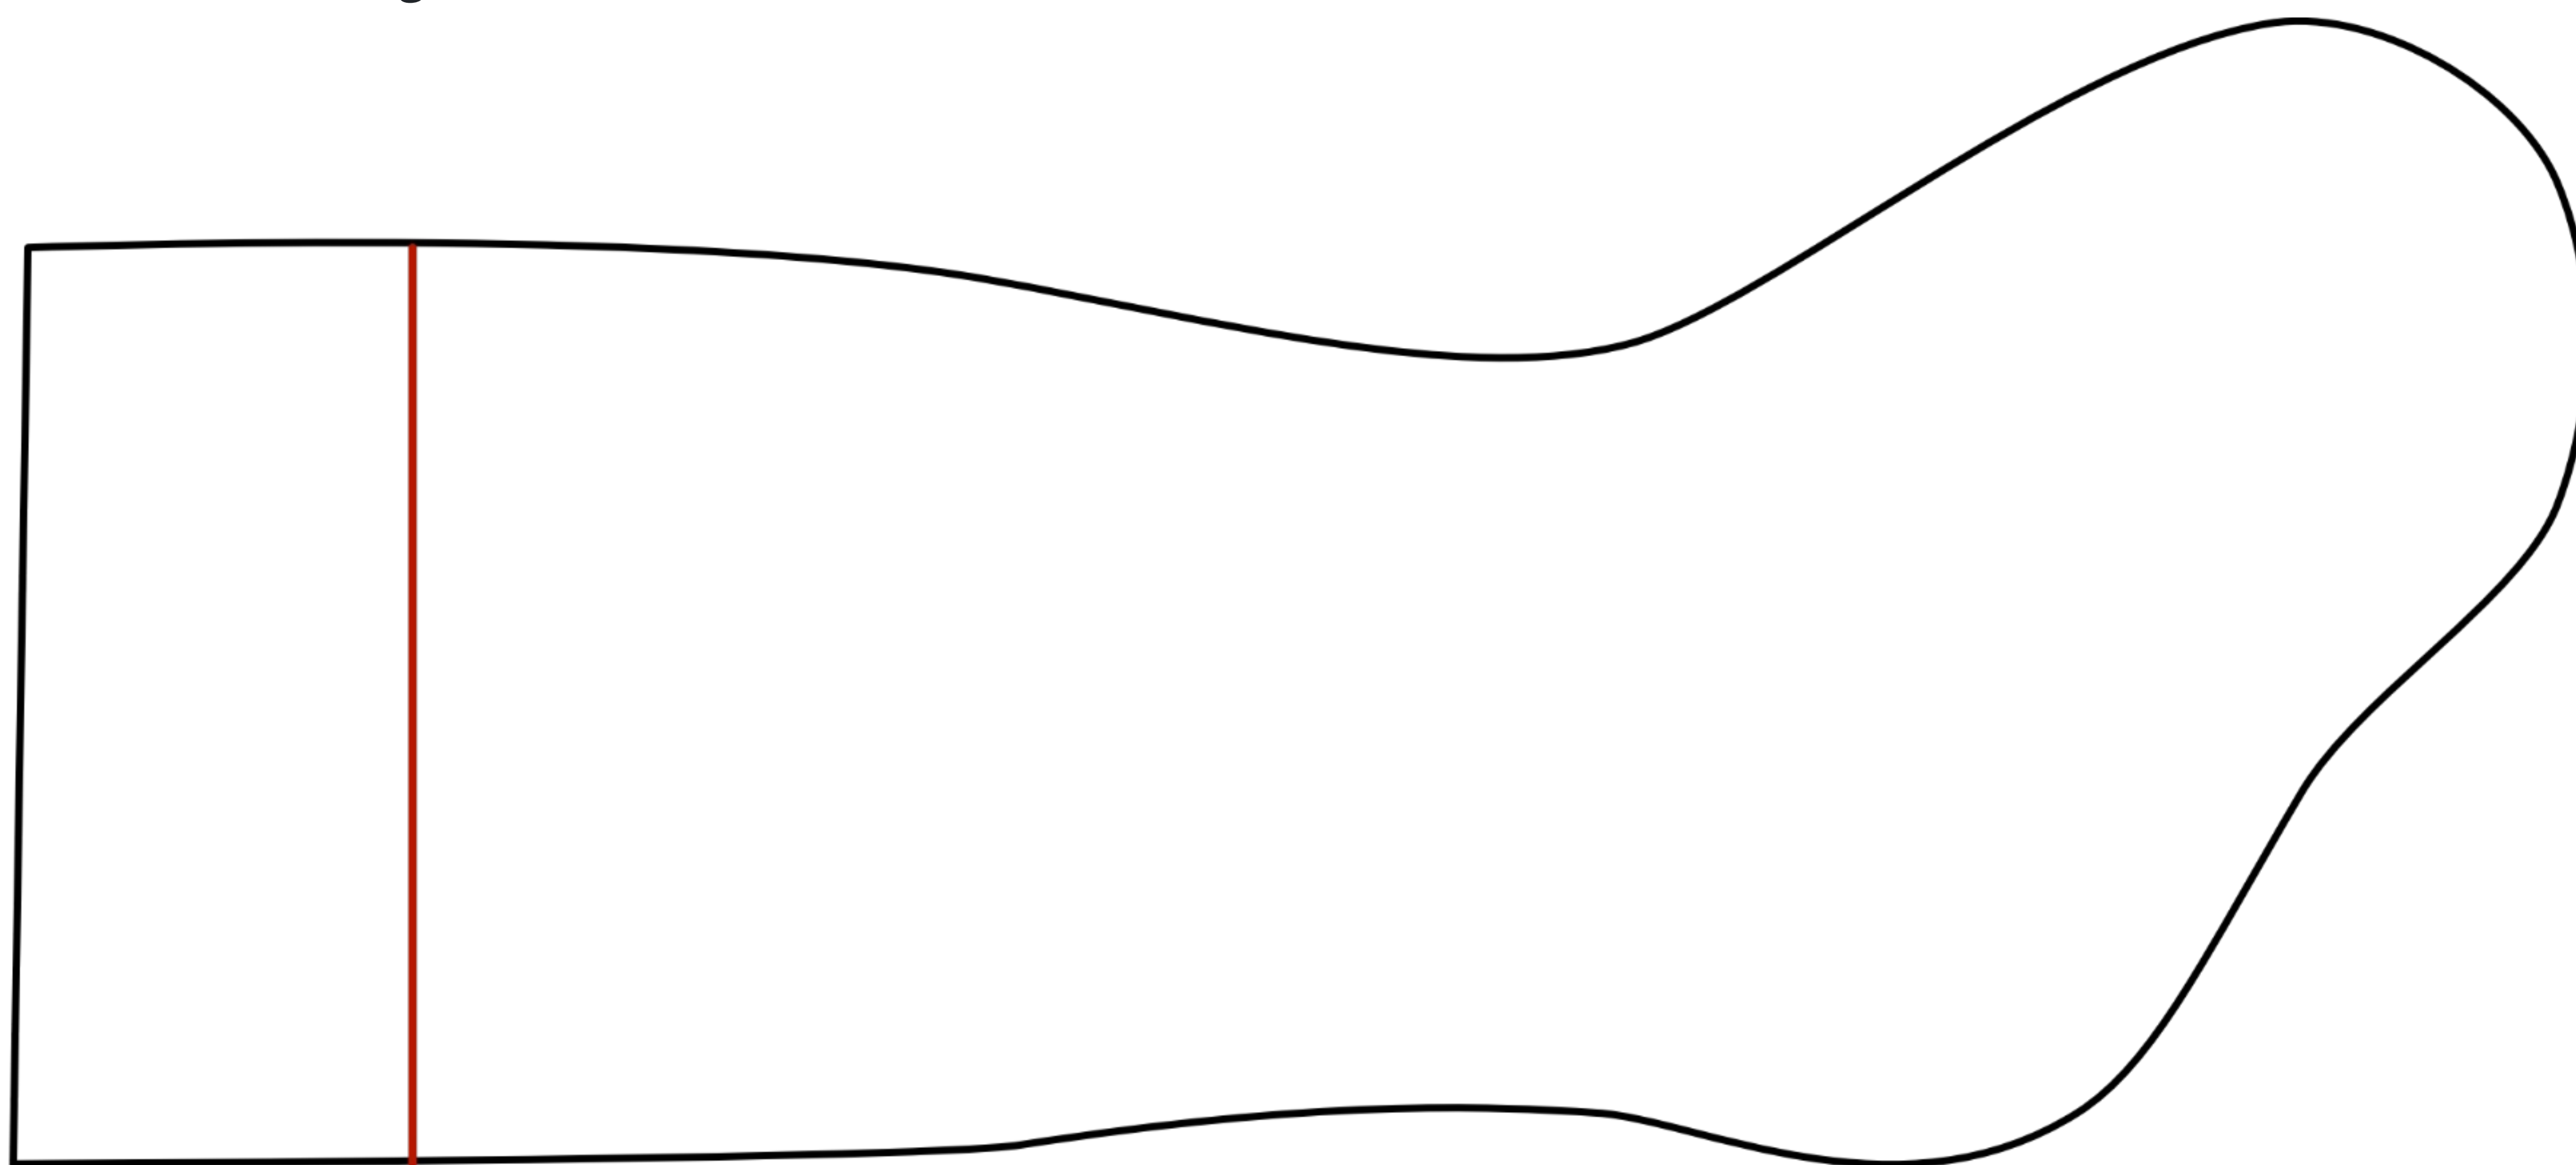

3. *Machine sew along the traced lines with a small stitch. Leave a small opening for turning.*
4. *Then cut out the shapes 1/4" away from your stitched line.*
5. *Nick the seam along all the curves.*

Hint: When you are going around a curve or corner, make sure your machine needle is down before you lift the pressure foot of your machine.

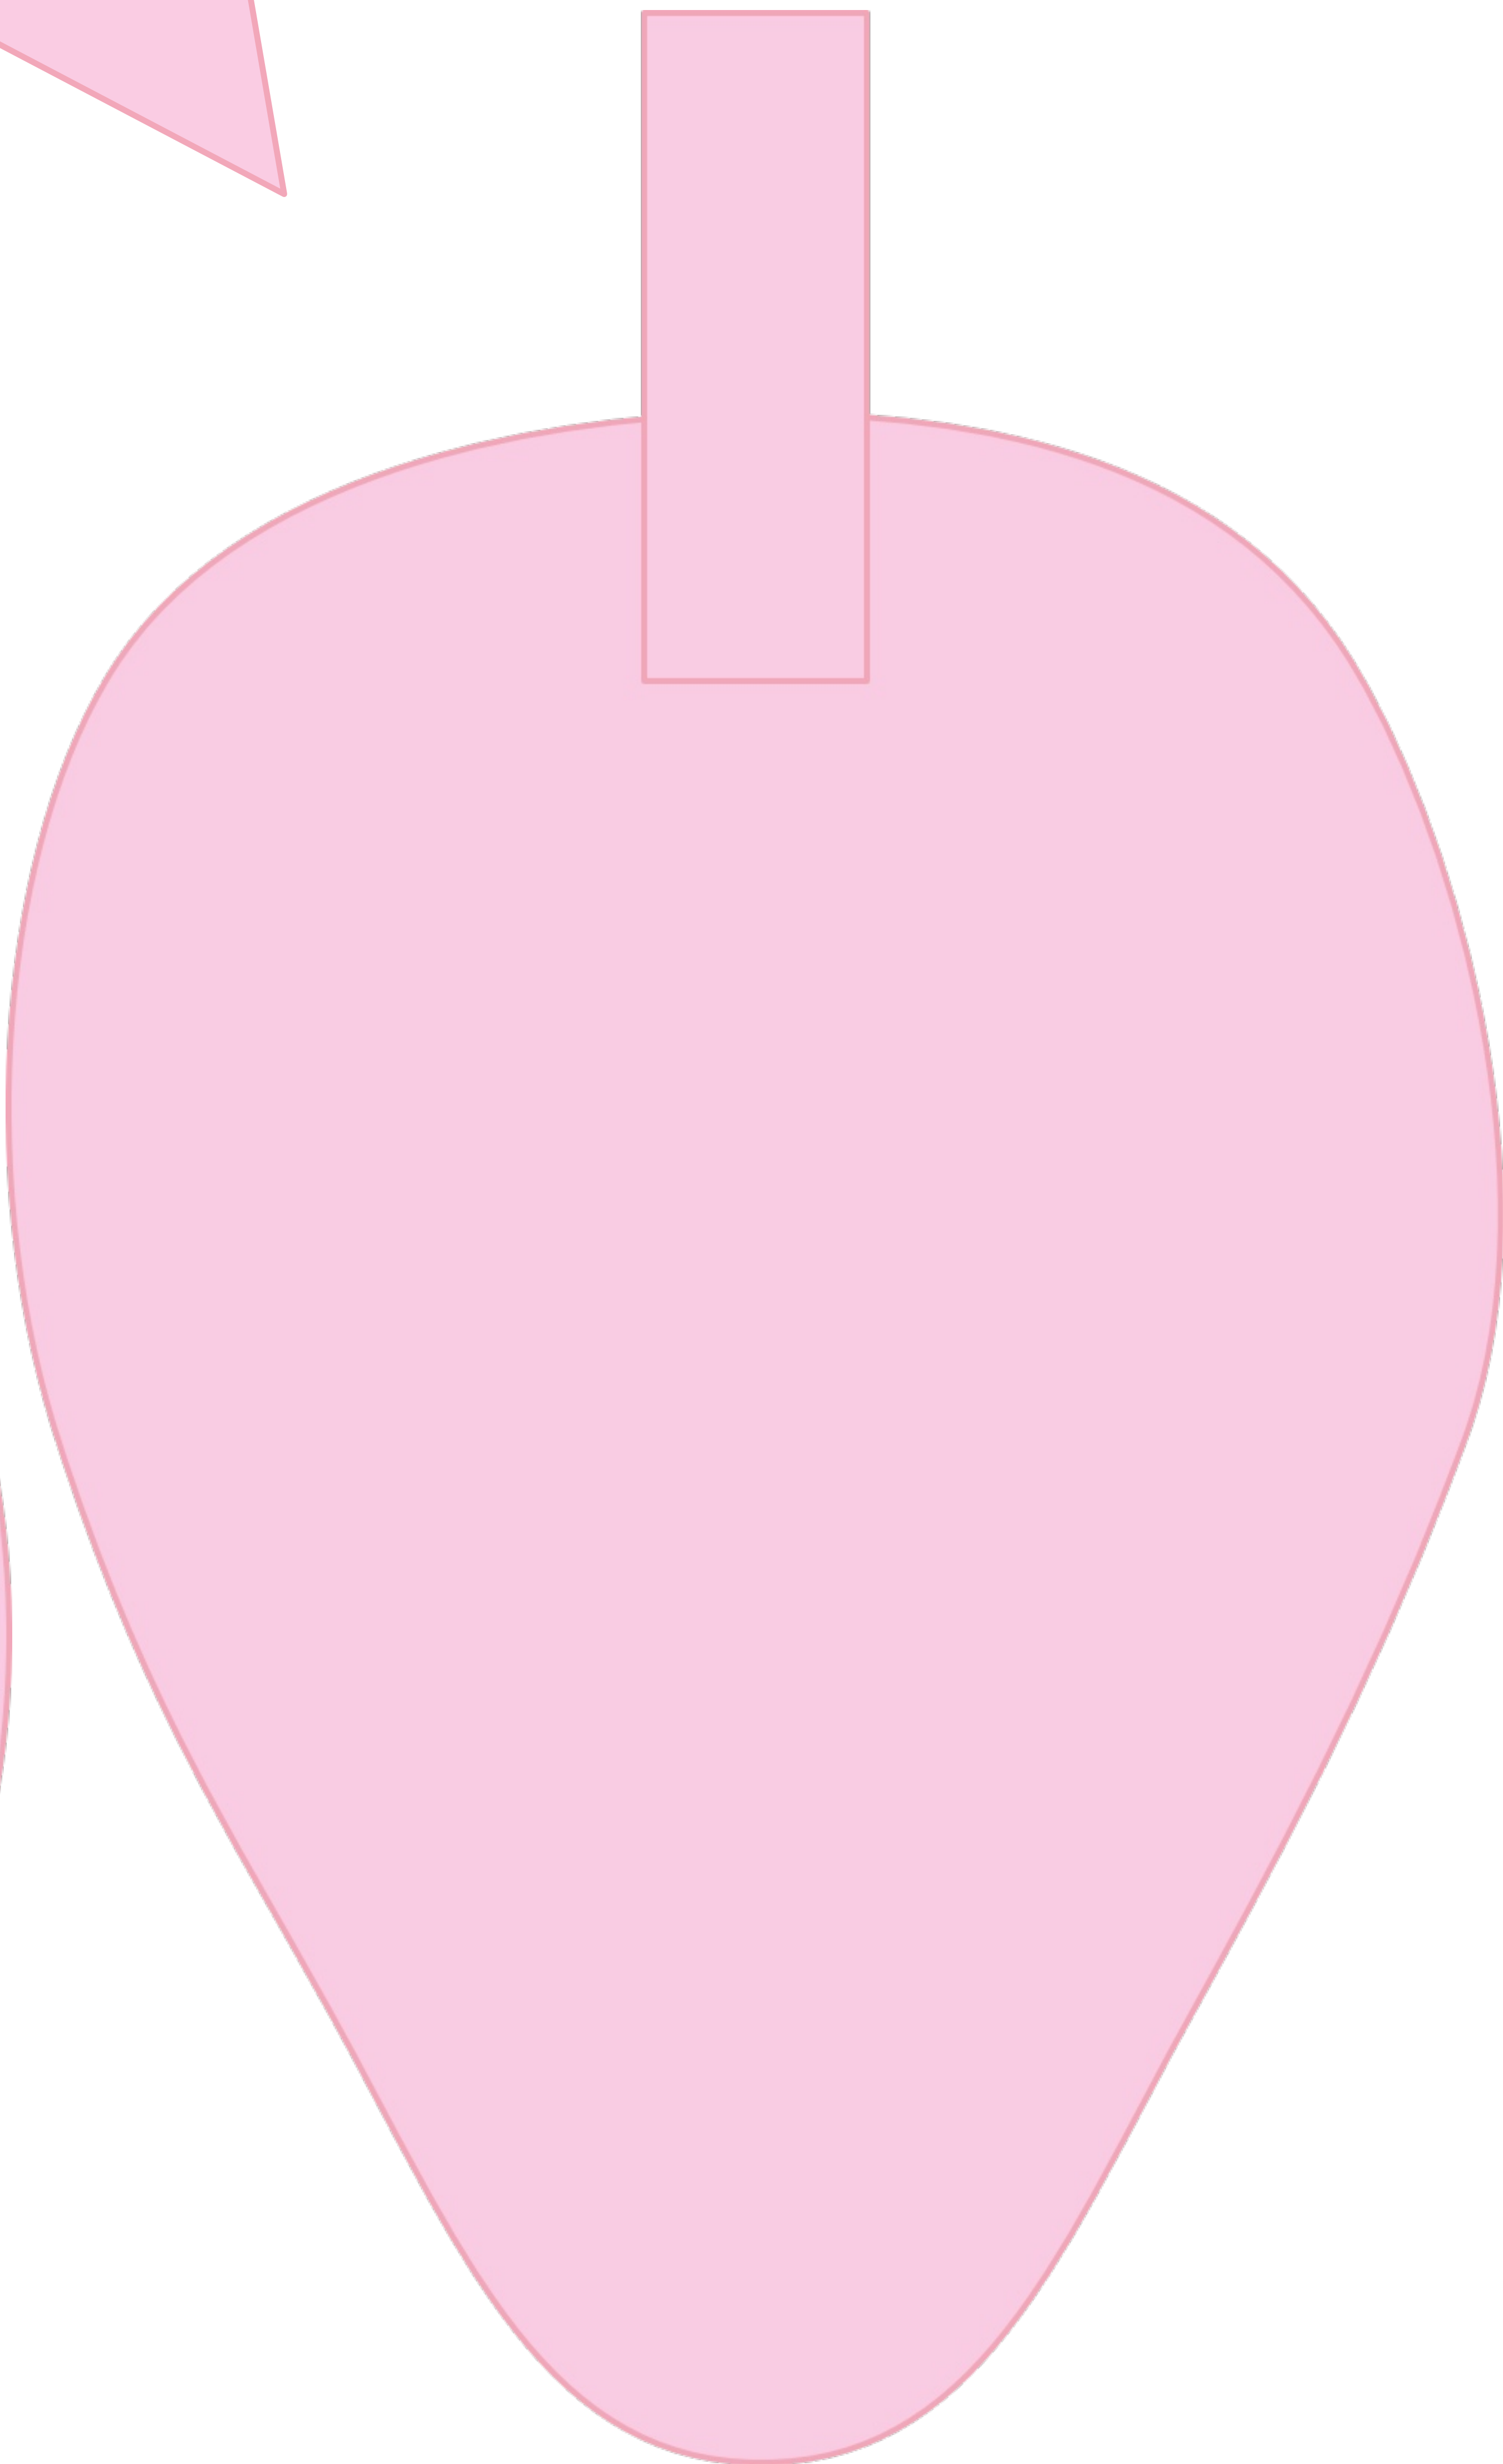

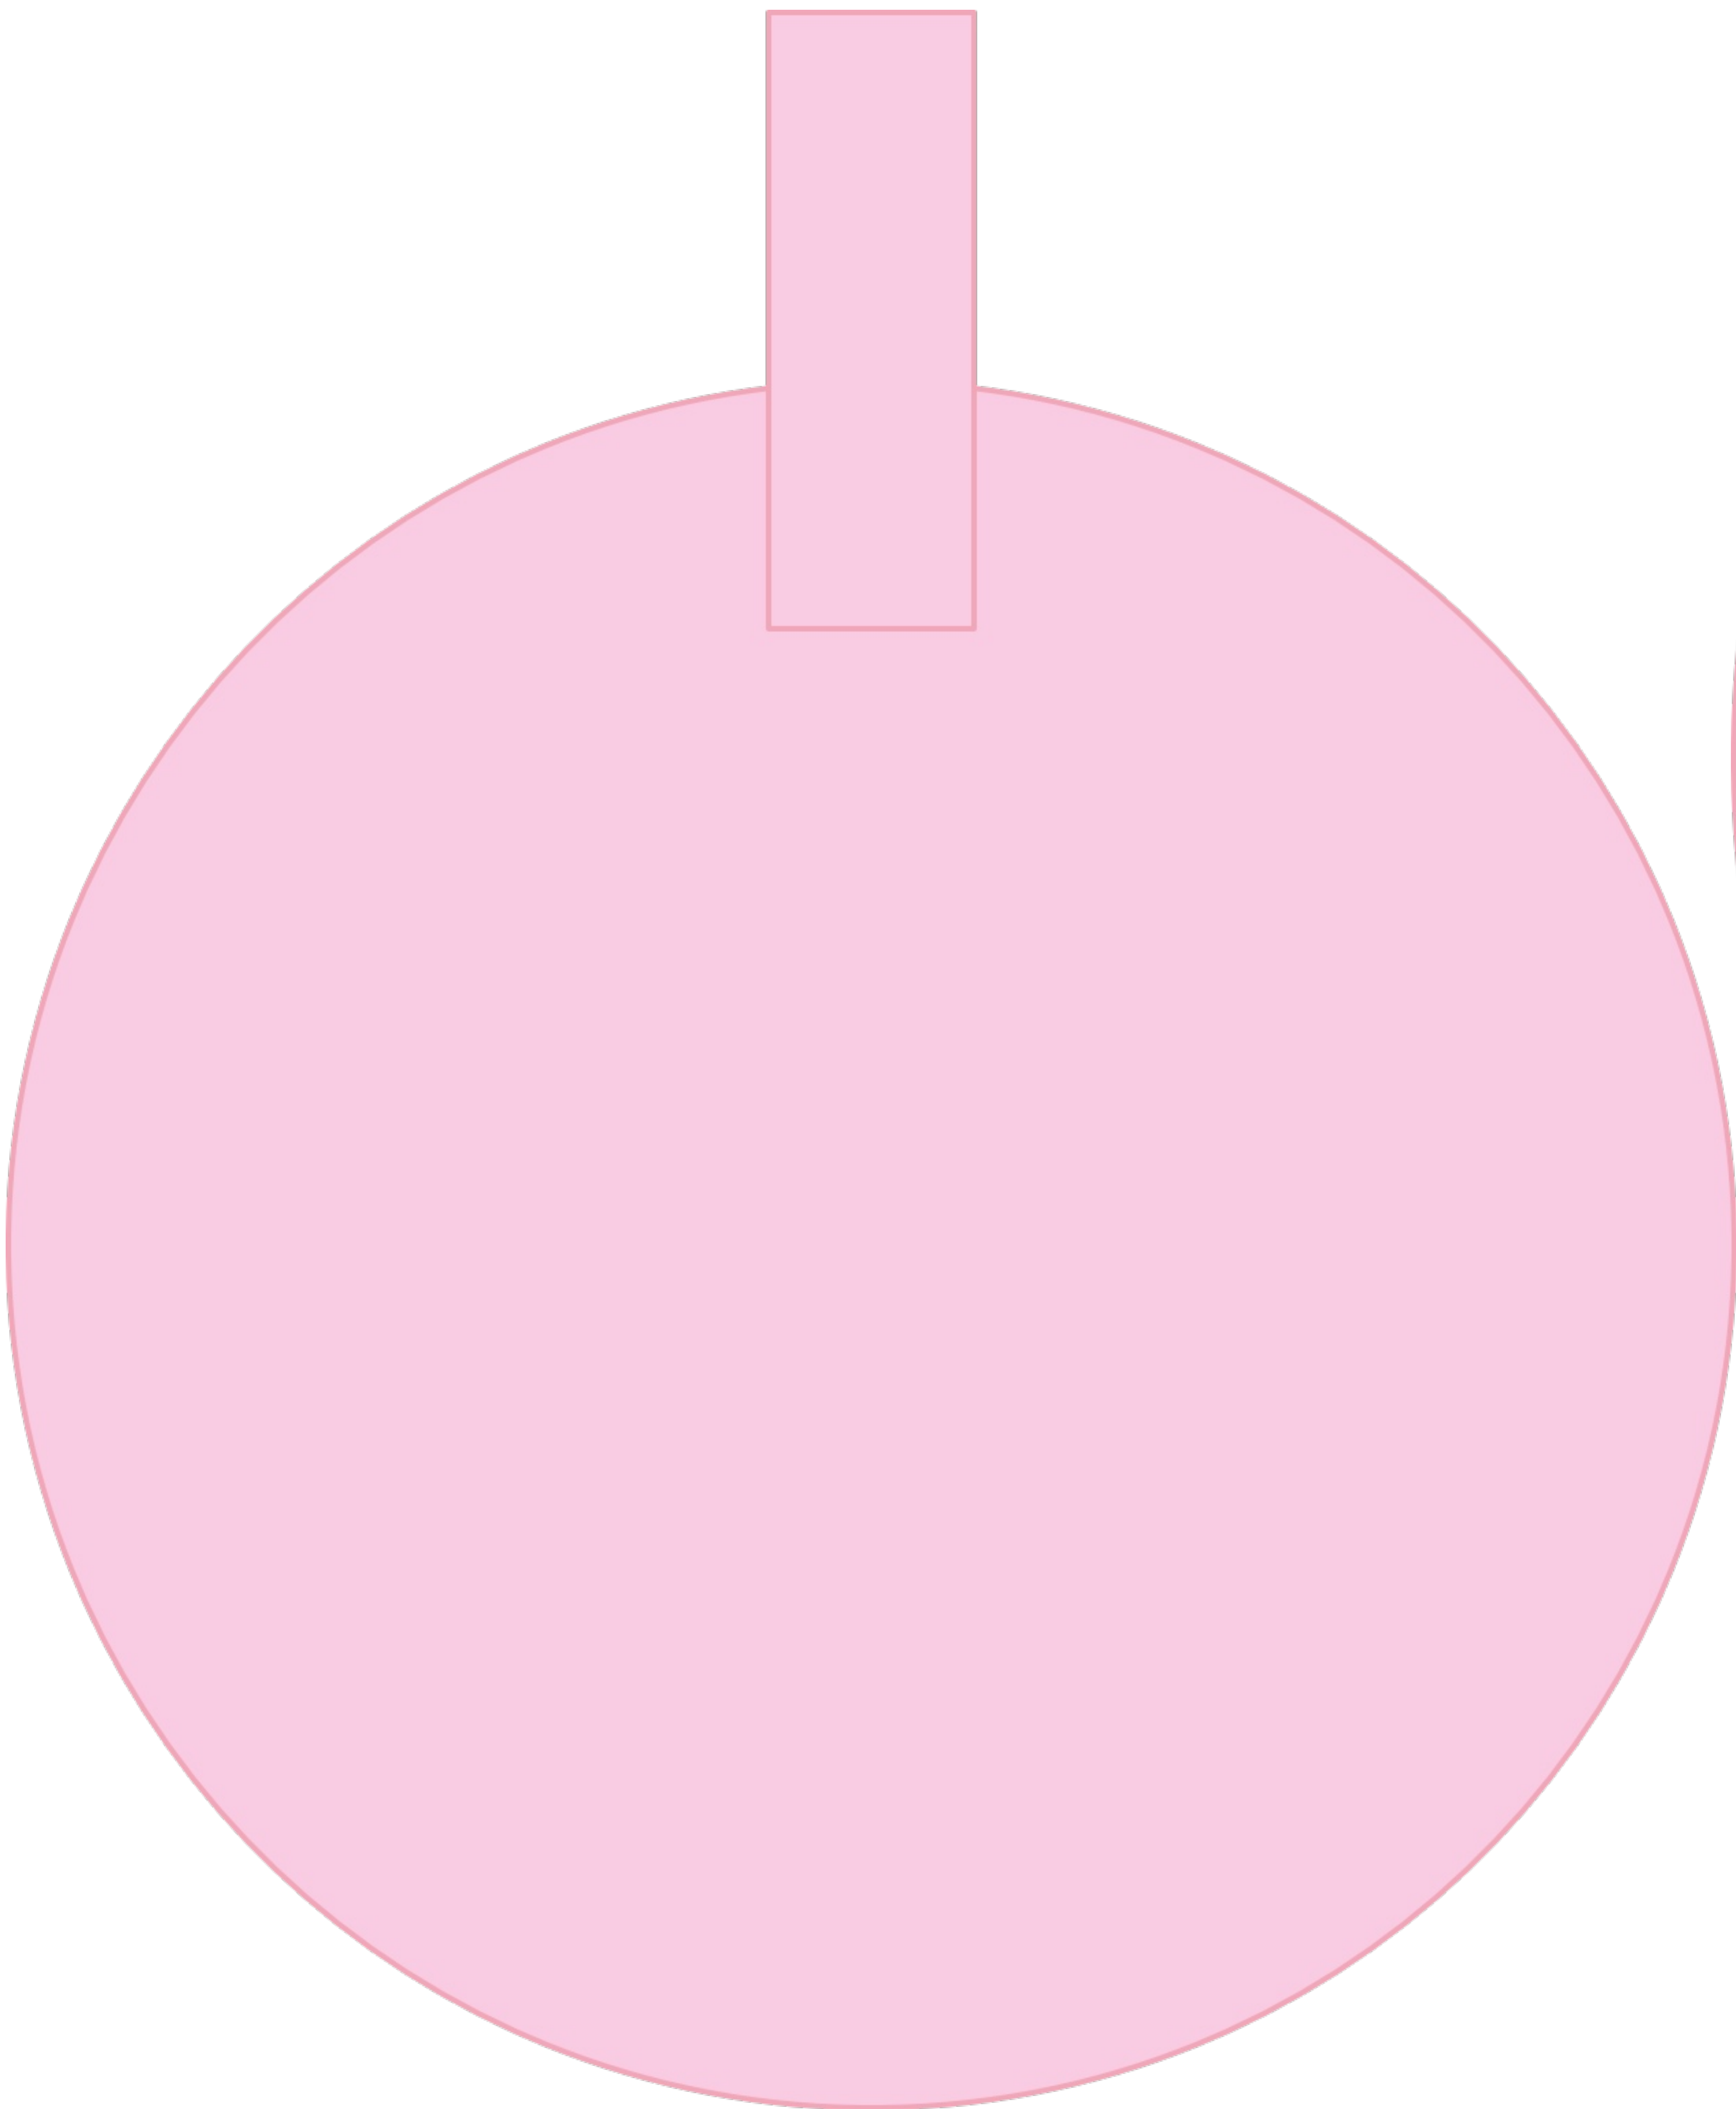

6. *Then turn right side out. Stitch a little detail as desired.*

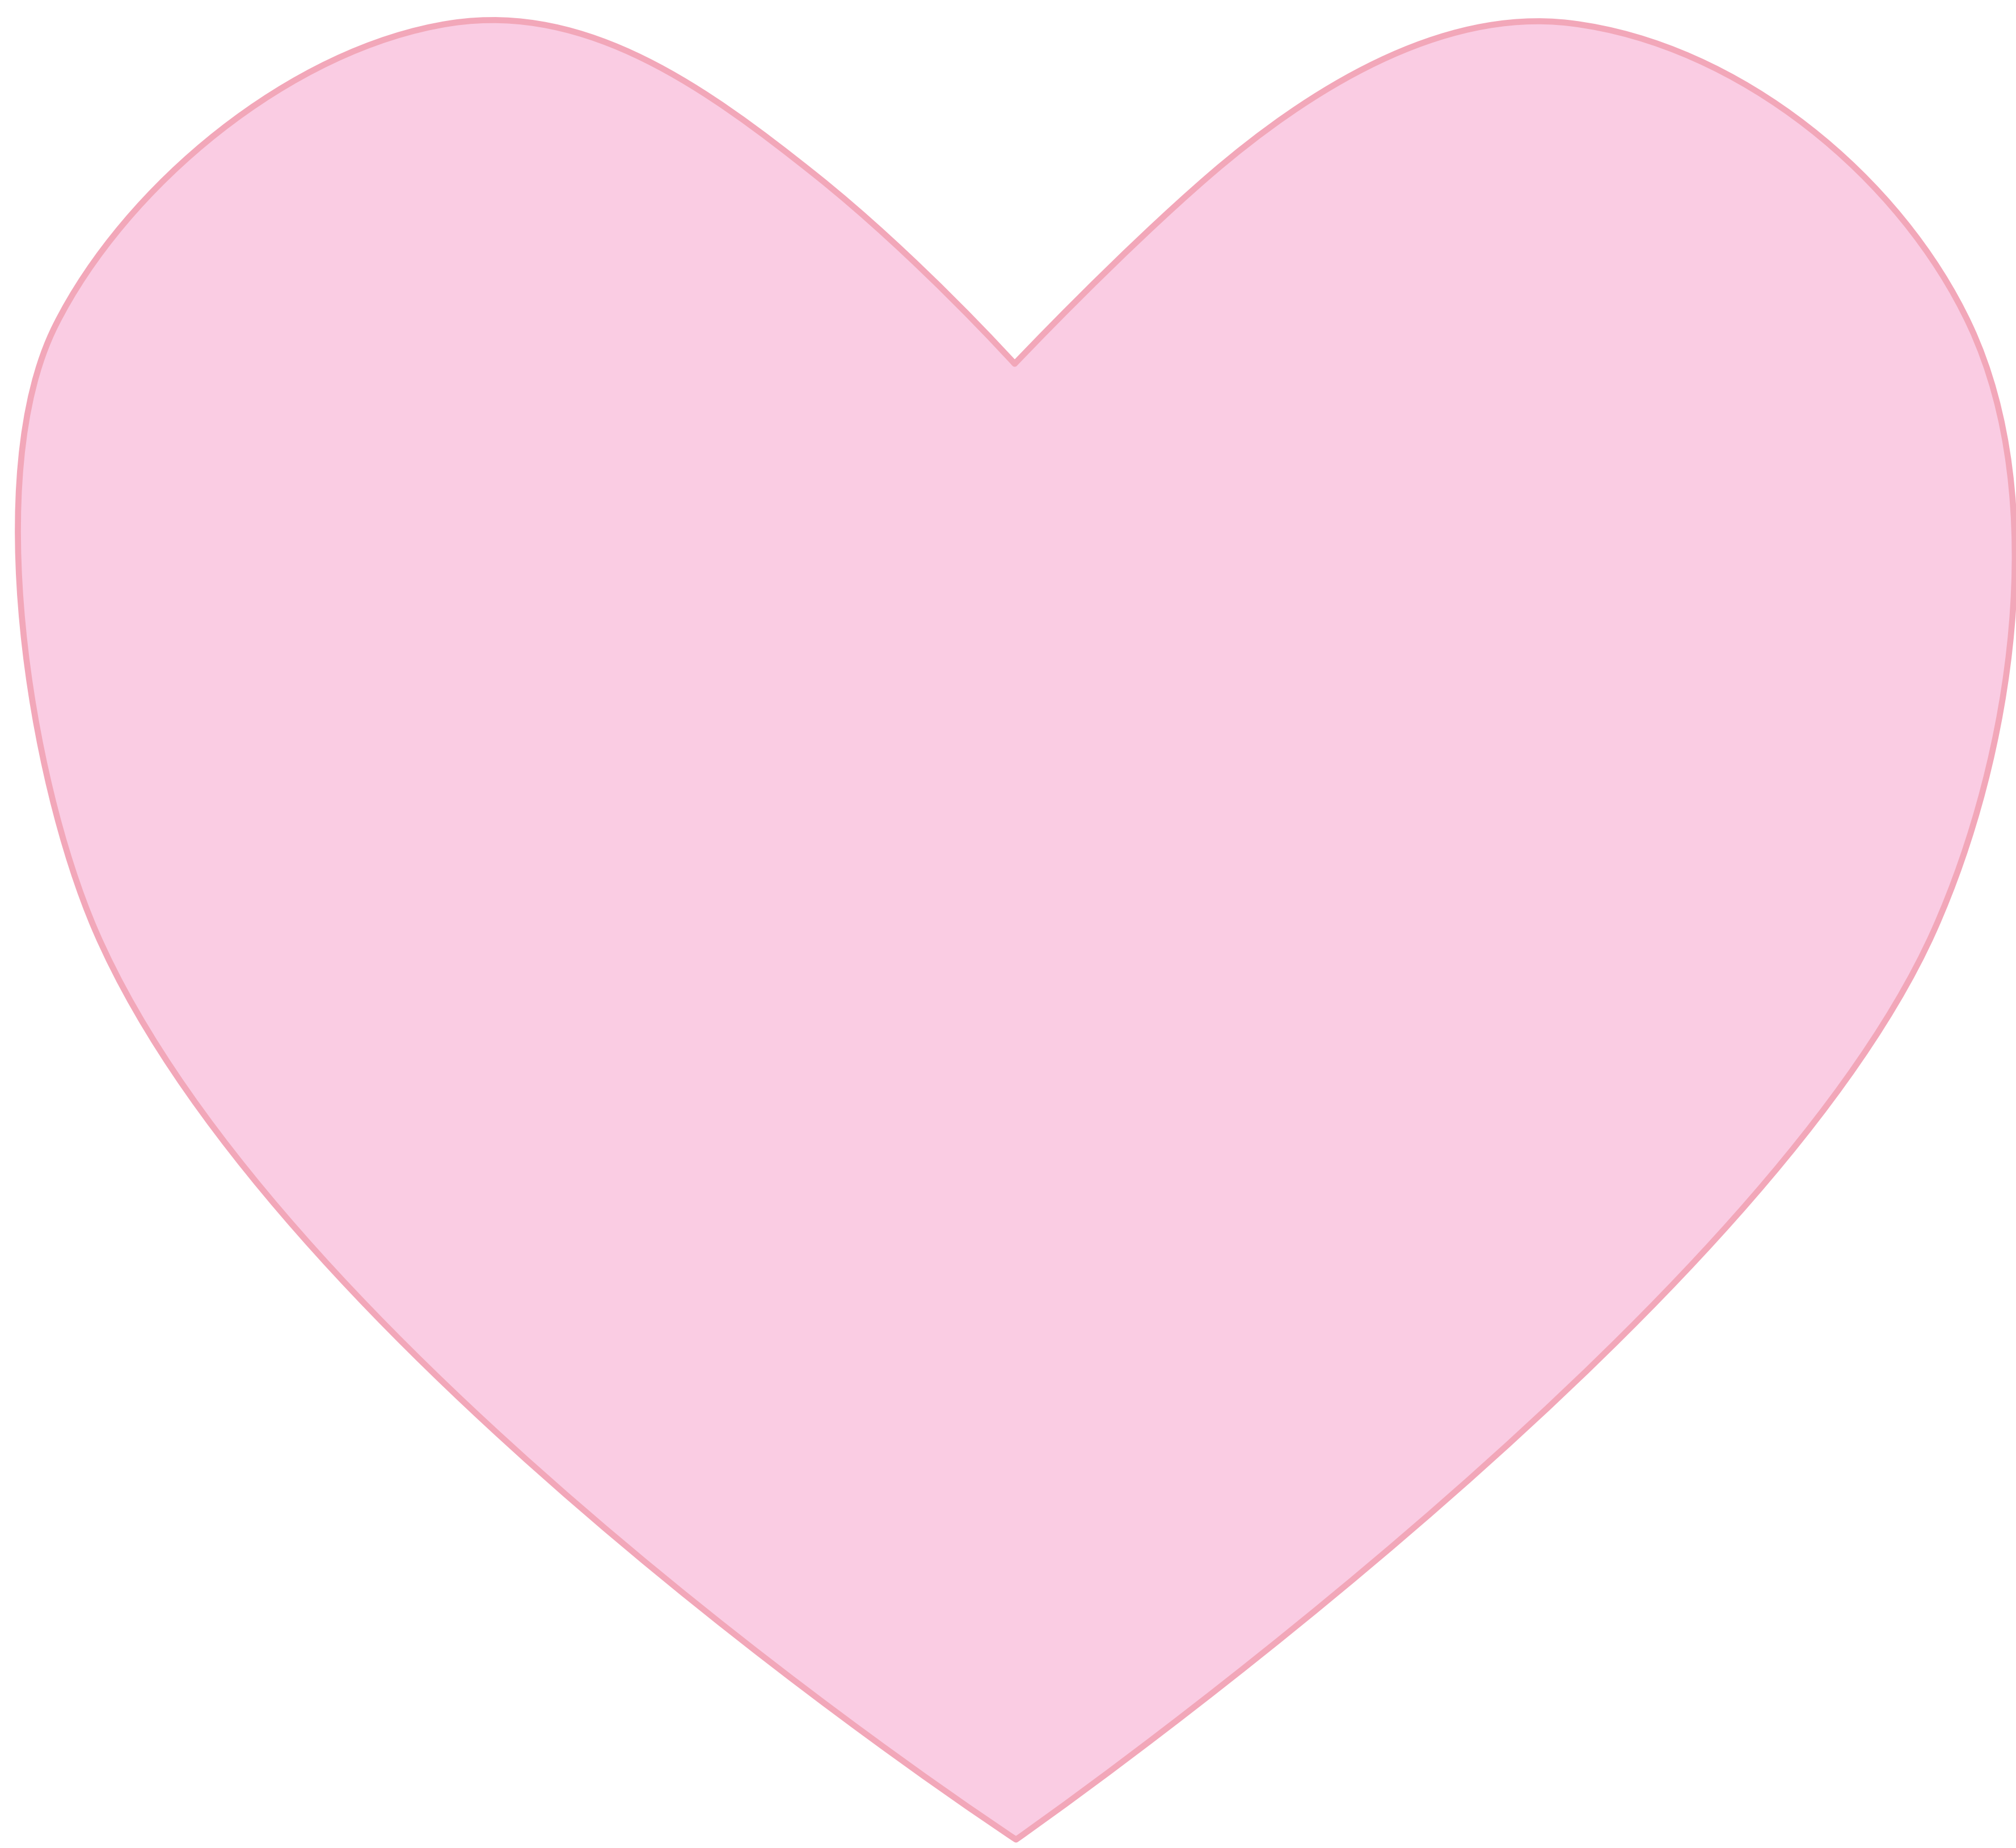

See <https://www.megelles.com/blog/megelles-sewing-tutorials/christmas-socks-you-will-love-how-easy-this-is/> for instructions to make the stocking.
